## Pupil premium strategy statement – 2022/2023

### Review of Strategy

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## Part A: Pupil premium strategy plan

### Statement of intent

Our belief is -and research evidence shows (e.g. from The Sutton Trust, EEF, John Hattie, Ofsted, DfE Reports) - that quality of teaching and learning is the most important factor in the achievement of all pupils. This is particularly true for pupils from areas with a high deprivation indicator. Improved continuing professional development and a personalised curriculum for the children at St Michaels are a central focus of the School Improvement Plan. They will have the biggest positive effect on our most disadvantaged pupils; ensuring the gap closes between the most disadvantaged and the most advantaged pupils in our school community. The focus on developing teachers' expertise and a personalised curriculum ensures all staff members are of the highest quality and are supported in developing the skillsets needed to enable our children to make good progress from lower starting points and secure levels of high attainment, at the end of each Key Stage and across all year groups.

While we know that enriching classroom experiences are paramount for pupil premium children, we also know that providing enhancements and enrichments to the curriculum are just as important. Experiencing the broader world is a crucial factor before joining it. In addition to these, some children will need more time and/or support to ensure they are able to fulfil their potential. In these cases, additional targeted intervention and support strategies are provided and the impact reviewed regularly.

#### **Our aims:**

The targeted and strategic use of pupil premium will support us in enabling every pupil to reach their full potential by

- Assuring the best possible learning experiences in the classroom
- Having targeted interventions designed to support those with a specific need
- Offering a rich and varied experience, both within and beyond the curriculum, to engage and motivate pupils.

#### **Our intent:**

- To close the gap in attainment for PP pupils in core subjects.
- To improve independence and develop social skills and mental well-being.
- To provide opportunities to develop potential and participate in all aspects of school life.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Unsupported learning habits at home e.g. the home may lack resources for learning and pupils may not have had reading, writing, maths support or learning modelled to them. The children may not have adequate support for home learning.
2	Pupils may have family circumstances or expectations that impact negatively upon their learning and ability to take up extra-curricular opportunities.
3	Social and emotional issues resulting in low confidence and self-esteem which affects behaviour for learning and a family's ability to support learning.
4	Attendance: Some children's attendance is low which will impact on their learning.

## Outcomes achieved

Outcome	Success criteria

Impact

### **Review of Impact of the strategy.**

External data shows children achieving broadly in line with National figures, from low starting points.

- Through monitoring, both PP lead, assessment lead and class teachers know the needs of their PP pupils and have planned accordingly throughout the academic year 2022-23 (This can be ratified via internal assessment systems/pupil progress meeting records and termly provision maps).
- PP pupils have been fully engaged in a wide range of trips and experiences to develop their Cultural Capital and bring the curriculum to life – see website, past newsletters, termly HT report to Gov's.
- PP children have been targeted for extra-curricular activities (choir, sport's club, art club etc) to widen their opportunities.
- Some families have been supported with household items and food parcels to ensure all essential home items are available.
- Reading books have been purchased and a high quality, systematic phonics scheme has been bought and implemented to ensure our children have access to high quality teaching, impacting on outcomes. All staff have been trained in the delivery accordingly.
- Pastoral support for PP children.
